Personal Technology Device (PTD) Program
Device Specification - Hardware Specification

Personal Technology Devices need to meet *all* of the following requirements

Form Factor	Laptop, tablet device or convertible device.
Operating System	Microsoft Windows 10 or 11 Mac OSX Yosemite or later
Wireless Compatibility	Device must have **802.11n** support AC / AX This may be advertised as "Dual Band Wireless", "802.11ac" or "Gigabit Wireless". **Note:** Devices marketed as "802.11bgn" probably do **not** support the required standard.
Battery Life	Advertised battery life of at least **six hours**
Hard Drive Capacity	Minimum of 128gb of storage

Additional Considerations:

The following are not *requirements* of the Personal Technology Device program, but are considerations which you should direct your attention to:

Recommendations	- Maximum weight: 2kg - Minimum RAM (laptops): 4GB - Disk configuration (laptops): Solid State disk (SSD) - A tablet device should have a physical keyboard attachment with separate keys for A – Z and 0 – 9.
Considerations	- Accidental loss and breakage insurance

Software Specification:

Additionally, the devices need to meet all of the following functional requirements pertaining to software:

Web browser	Any modern web browser. Windows computers must run Internet Explorer 11 or newer ,Chrome ,Safari
Word Processor	Compatible word processor (Microsoft Office 365 is available as a free download to students. Versions available for both Windows and Mac operating systems)
Security Software	Windows: Windows Defender
