

# BYOD: Connecting to the NSWDET WiFi Apple / iOS devices

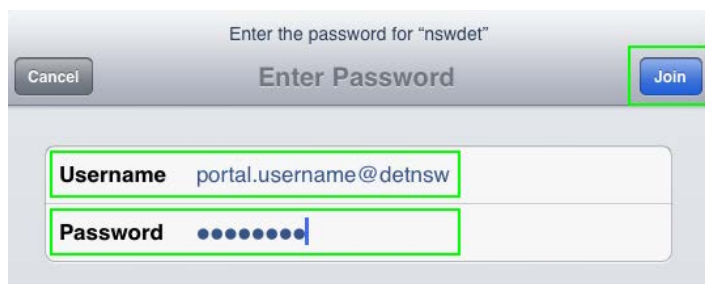

**Step 1:** Go to Settings then Wi-Fi.

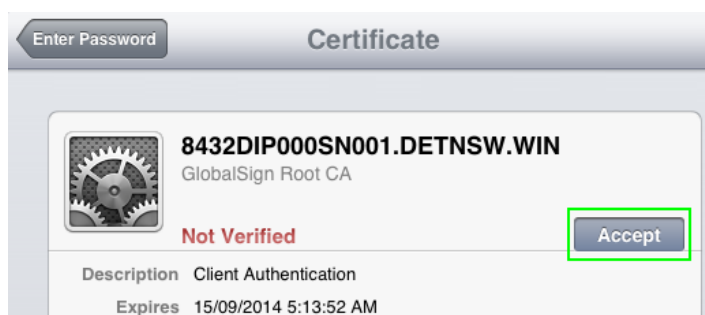

**Step 2:** Ensure that Wi-Fi is turned on, then select the NSWDET network.

**Step 3:** Enter your Portal / Internet username and password, with **@detnsw** on the end of your username. Click Join.

**Step 4:** Click Accept at the certificate prompt.

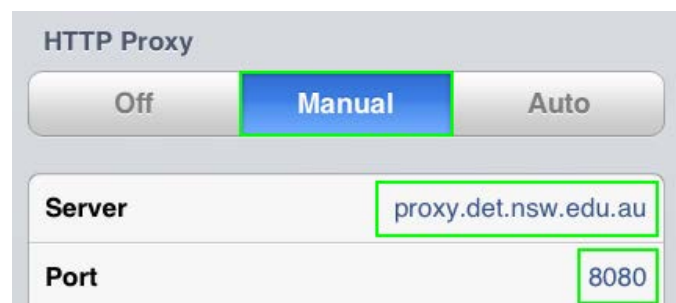

**Step 5:** Click on the NSWDET connection arrow.

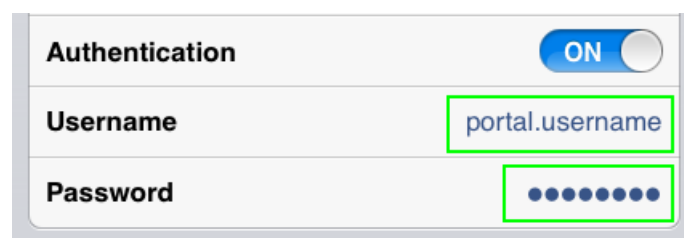

**Step 6:** Set the Proxy settings to Manual, then enter the following:

Server: **proxy.det.nsw.edu.au**

Port: **8080**

**Step 7:** Set the Authentication slider to ON, then enter your Portal / Internet username and password.

**Step 8:** When you launch your Internet browser you will be asked for credentials. Enter your Portal / Internet username and password.
