

16 August 2023

Dear School Principal,

Re: Temporary changes to operator of some school bus services

Transport for NSW has approved Transit Systems to temporarily take over the operation of some school bus services, to improve their reliability.

From 17 August 2023, Transit Systems will temporarily operate the following 18 school services. Importantly, for your students and their families, these will run according to the current timetable, apart from a minor adjustment to service S021, which will leave 7 minutes later than currently scheduled:

- | | | | | | |
|--------|--------|--------|--------|--------|--------|
| • S054 | • S021 | • S313 | • S088 | • S044 | • S267 |
| • S055 | • S325 | • S177 | • S089 | • S707 | • S43 |
| • S070 | • S281 | • S148 | • S266 | • S319 | • 6C |

For any urgent issues involving the operation of these services, please call Transit Systems on (02) 8778 5815.

All other school services will continue to be operated by U-Go Mobility. For any issues regarding these services please call 0455 750 551 or visit our website at: <https://u-gomobility.com/your-schools/>

We are working with Transport for NSW and Transit Systems to make this temporary change with minimal impact to schools, and students, and will be in touch again when these services revert back to U-Go Mobility operation.

We encourage passengers to check transportnsw.info or similar trip planning apps each day before making their journey. Thank you for your patience while we continue to make improvements to bus services in Sydney's south and southwest.

Sincerely,

Daniel Corbin
